1: Summary of discretions affecting Active members and Leavers on and after 2 April 2014

An employer has discretion to exercise in these areas	Regulation reference	Background and points to consider (shaded sections are mandatory)	Simplified suggestions
Employer to determine who will join the scheme (Admitted and Designated Bodies)	2013 LGPS regulation 2	<p>Your committee minutes/ admission agreement must specify who will be eligible to join the scheme - either by the name, or by type of employment and from which date.</p> <p>Ensure employee has details including scheme brief guide and www.lgpsmember.org link</p> <p>NB Scheduled Bodies including county, district councils, FE colleges, academies, university must follow LGPS regulatory admission not discretionary, however new joiners should be given link to the scheme brief guide and advised how their contribution rate is assessed</p>	Scheme members transferring to abm catering limited under the TUPE regulations will be allowed to join the scheme.
Employer to determine member contribution band and terms of review. This decides the member contribution rate.	2013 LGPS regulations 9/10	<p>When joining and at every April (the start of the fund year) allocate the contribution band determined by the employee's expected annual actual pay – pensionable pay.</p> <p>Your policy should show if the allocation would change mid-year following a material change in pay. Inform member of your process</p> <p>Ideally members contract should specify what other pay and benefits to be 'pensionable' (20)(1)(a)</p>	abm catering limited will review employee contribution band every April and will not generally review mid-year following a material change to pay,
Will employer grant extra annual pension?	2013 LGPS regulation 31	Employer can pay the fund to increase the member's pension up to an additional £7,316 a year (2021 rate). Grant possible to active member, or within 6 months of someone leaving on redundancy or business efficiency. Full cost is with the employer	abm catering limited will not grant extra annual pension
Will employer extend time limits for member to make decision on transfer of pension rights from an approved pension scheme?	2013 LGPS regulation 100(6)	The member has 12 months from first joining LGPS in that employment to receive details, seek advice and make decision on transfer. There may have been reasons for delays out of the member's control. Employer may want to seek advice on any potential	abm catering limited will not extend time limits for transfer decisions.

An employer has discretion to exercise in these areas	Regulation reference	Background and points to consider (shaded sections are mandatory)	Simplified suggestions
		financial cost from Pension Services before approving request to extend deadline	
Will employer extend time limit for members to NOT link (aggregate) their LGPS memberships?	2013 LGPS regulation 22(7)+(8)	A member joining after April 2014 who has previous LGPS membership can elect to keep pension records separate but this must be done within 12 months of starting in that employment. Without the written election pension records will be linked together. There may be reasons for delays out of the member's control.	abm catering limited will not extend the time limits the member has to make an election to keep pension records separate
Will employer extend time limit for members to link (aggregate) their LGPS memberships?	Amendment LGPS regulations 2018 27 and TP 2014 Regulations 10	Quite specific - for those joining scheme again after May 2018 but were in scheme during March/April 2014 and have previous Deferred Benefit. The link will not be automatic, must have written election within 12 months, employer may allow a later election	abm catering limited will not extend time limits for transfer decisions.
Will employer contribute to Shared Cost Additional Voluntary Contributions (SCAVC) ?	2013 LGPS regulation 17	Whether, how much and in what circumstances to contribute to the SCAVC arrangement (Recommend consult with Pension Services on any payroll / benefit implications before setting this up.)	abm catering limited will not contribute to SCAVC arrangement.
Will employer include regular lump sums when assessing value for Assumed Pensionable Pay (APP)?	2013 LGPS regulation 21	<p>There are times when the pension value must be protected yet the member has no or reduced pay. Employers assess an assumed value, based on three months or twelve weeks of pay immediately before the reduction. If in the twelve months before the member would have ordinarily received a lump sum payment, consider if this should be added back to the APP assessment as a reasonable expectation</p> <p>Check on www.LPGSregs.org for more details on APP and when to use and report if you are unsure</p> <p>NB separate calculations are required if member dies in service or retires on ill health even if APP already assessed for monthly returns</p>	<p>abm catering limited will not add back the regular lump sum payment to provide the assumed pensionable pay figure for purposes</p> <ul style="list-style-type: none"> *when on reduced pay during child related leave *reserves forces leave *no or reduced pay during sickness or injury *retirement on tier 1 or tier 2 *death in service

An employer has discretion to exercise in these areas	Regulation reference	Background and points to consider (shaded sections are mandatory)	Simplified suggestions
Will employer substitute a higher value of pensionable pay when assessing APP ?	2018 amendment regulations 7	Introduced in 2018, but backdated to April 2014, an employer may substitute a higher pensionable pay if, in their opinion, the value assessed by APP is materially lower than member would ordinarily have received in the previous year . Could occur during child related leave, reduced on no pay sickness etc and be used for ill health retirement on tier 1 or 2, death in service. Intention retains level of benefit	abm catering limited will not consider substituting a higher value of pay in place of APP
Will employer share the cost of purchasing additional pension (SCAPC) with a member?	2013 LGPS regulation 16(2) and (4)	When an active member elects to buy additional pension by extra contributions, would the employer voluntarily contribute towards this? What circumstances might prompt the action? NB be careful not to confuse with restoring lost pension after approved absence when employer MUST share 2/3rds cost.	abm catering limited will not share the cost for a member's purchase for additional pension.
Will employer extend time limit for member to decide to restore lost pension by shared cost additional pension contributions (SCAPC) after a period of no pay (other than due to sickness or paid child related leave.) ?	2013 LGPS regulation 16(16)	After a period of approved unpaid leave, a member has 30 days from return to work to receive information to enable election for (SCAPC) shared cost additional pension contribution, to restore lost pension. Employer must provide lost pay details and advise member of opportunity. Employer must share costs when election made within time limits. Increasing time limit would allow for any delays in administration process.	abm catering limited will not extend deadlines beyond 30 days of return to work.
Will employer permit flexible retirement?	2013 LGPS regulation 30(6)	For members aged at least 55, and with agreement of their employer, reduce hours or grade and releases pension, giving member choice on taking all, part or none of post 31 March 2008 benefits. Early payment may mean pension is reduced for the member,	Employer has several parts to this discretion which should be included- abm catering limited a) will consider applications for flexible retirement subject to cost/ business case

An employer has discretion to exercise in these areas	Regulation reference	Background and points to consider (shaded sections are mandatory)	Simplified suggestions
		<p>Employer can waive the reduction completely or in part, and this is wholly employer cost.</p> <p>Always seek guidance on costs from Pension Services. Some members may have protected rights to unreduced pension, which would increase employer costs.</p> <p>Member stays in fund in ongoing employment</p>	<p>If will consider a) then b) abm catering limited will not waive any pension reductions and c) will permit member to choose which part of their pension to draw (subject to employer cost/ business need)</p>
Will employer switch back on '85-year rule' protections?	2014 Transitional Provisions regulations Sched 2	<p>Unlikely to apply when membership only starts from 1 April 2014 with no linked previous membership. Intention enables employers to pay unreduced pension to those voluntarily retiring between 55 and 60, who could have had 85-year rule protection – cost falls all to employer.</p>	<p>abm catering limited has no pre 2014 liabilities and this regulation will not apply. (This section will be reviewed in the future should any employee bring earlier protected rights with them to this employment)</p>
When would employer waive actuarial reductions to benefits being drawn on early voluntary retirement?	2013 LGPS regulation 30(5)	<p>Can apply from active, from deferred status and from deferred tier 3 ill health retirees, between age 55 and normal pension age. Pensions taken early voluntarily will be reduced and employer can waive the reductions at their own cost.</p> <p>Employers should be clear in their policy on how this could apply and under which circumstances. For post 2014 membership there is no longer the requirement to satisfy compassionate grounds as a regulation requirement to release pension early.</p>	<p>abm catering limited will not consider applications to waive actuarial reduction for early voluntary retirement from active members.</p> <p>abm catering limited will not consider applications to waive actuarial reductions made by members with deferred pensions etc.</p>

2: Other mandatory provisions to be included in a policy, under different regulations and which can apply to active employees regardless of LGPS membership

An employer has discretion to exercise in these areas	Regulation reference	Background and points to consider (shaded sections are mandatory)	Simplified suggestions
<p>Will employer make an injury award to compensate for loss of</p> <p>a) pay, or b) job, or c) death due to injury or disease sustained at work?</p>	<p>Regulation 3-7 of the Local Government (Discretionary Payments) (Injury Allowances) Regulations 2011 employers (LGPS employers),</p>	<p>The requirement to have a policy is 14(1) of these regulations.</p> <p>Under what circumstances, for how much and for how long would an employee be compensated if in performing their duties a person sustains injury or disease leading to loss of pay, employment or death?</p> <p>Injury award could apply to all employees regardless of LGPS membership.</p> <p>Awards are not funded through the pension scheme, all costs rest with employer.</p>	<p>abm catering limited will not set up an injury award scheme under these regulations</p>

(Regulation 5)</p> <p>2) an employer can make a termination payment of up to 104 weeks pay to an LGPS member or someone eligible to be a member when leaving due to redundancy, efficiency or cessation of a joint appointment. Cannot use this if you are awarding additional pension under 2013 LGPS regulation 31.</p> <p>Neither 1 nor 2 are funded - all at employer cost.</p>	<p>1) abm catering limited will not base redundancy pay on actual pay when greater than the 'statutory week's pay' for a redundancy payment</p> <p>2) abm catering limited will not award termination compensation lump sum following redundancy etc to anyone.</p>

A note about Councillors / elected members: Although elected members may not now join the LGPS in England, this fund does hold the deferred pensions for former councillors from some Districts and the County Council.
